RESIDENTIAL STRUCTURAL ENGINEERING

RB Engineering is North Carolina's Source for Your Structural Engineering Needs.

We are a professionally licensed structural engineering firm and are experienced in all phases of property development from initial planning to final design and construction. We also offer project management services for foundation repair jobs. To schedule an inspection or to learn more about our services call our office today at **919.677.9662**.

Our Capabilities:

We understand that creating a structurally sound home is the number one priority for our clients and we are committed to designing individualized, cost-effective repair plans to meet our client's needs. Our services include:

- New Home Design
- Remodeling and Addition Design
- Permit Plan Preparation
- Residential Inspections
- Existing Foundation Evaluation and Repair Plans
- Cause and Origin Studies
- Residential Inspections and Repair Plans for Real Estate Due Diligence
